

# Governor Cox Orders Probe of Food Prices

## JAPS PREPARE TO RETURN TO CHINA SHANTUNG GOVT.

Would Make All Enterprises In Disputed Province Joint Operation.

## AGENT SENT TO SHANTUNG TO MAKE INVESTIGATION

Failure of China To Sign Treaty Causes Some Embarrassment.

Tokio, Wednesday, July 23.—Kenkichi Yoshizawa, former councillor of the Japanese legation at Peking, left here today for the Shantung peninsula to conduct a special investigation of conditions there preparatory to negotiations with China for the return of its sovereignty over the territory controlled by Japan under the German peace terms. The negotiations as indicated would be initiated after ratification of the peace treaty by the privy council which officials said they expected would take place before September 15.

Japanese officials said Japan is ready to make all enterprises in the Shantung, including railroads and mines, joint undertakings with the Chinese.

## CLEVELAND IS READY TO CALL GRAND JURY

Cleveland, July 26.—A grand jury investigation of food prices and violation of cold storage regulations in Cuyahoga county is in prospect today as a result of the request of Governor Cox for a state-wide investigation of the cost of food. County Prosecutor Doerflinger, who will attend a conference of prosecutors in Columbus next Wednesday, said a jury investigation will begin if he is convinced at the capital session that "unlawful practices in the traffic of food stuffs" as charged by the governor are responsible for the high prices.

## JAPS MAY LIFT BAN ON CHINESE LABOR

Tokio, Wednesday, July 23.—The Japanese government still is studying the question of lifting the ban on Chinese labor, a policy favored by many Japanese. The foreign office told the Associated Press yesterday. Consideration of this question, it was said, was delayed by more pressing problems, but it was pointed out that Chinese peddlers now are allowed to enter the country with passports and that a number of Korean laborers are in Kobe.

## SUGAR HIGH BUT CREW CANTS \$100,000 WORTH TO SEA.

Philadelphia, July 26.—The crew of the steamship Sag Harbor had to throw overboard \$100,000 worth of sugar before the ship was able to reach this port today. It struck a reef off Cuba while bound from Puerto Padre to Philadelphia. After the sugar had been jettisoned the ship swung clear and continued her voyage with pumps working day and night.

## W. W. DAVIS ELECTED PRESIDENT OF NEW C. OF C. DIRECTORATE

E. M. Baugher and J. S. Fleck Made Vice Presidents, J. A. Chilcote Treasurer and O. J. Barnes Secretary at Election Held by New Directors Friday Evening—Committees Named.

W. W. Davis was elected president of the Newark Chamber of Commerce, succeeding J. S. Herzog, when a joint meeting of the old and new board of directors was held last night in Chamber of Commerce.

## POLES ANXIOUS TO RETURN TO THEIR COUNTRY, NOW A REPUBLIC

Polish subjects applying at New York consulate for passports.

The apparent success of the republic established in Poland by Ignace Paderewski and his followers, is causing thousands of Polish subjects now outside their country to return there in the hope of living again in their own country free from the oppression which

drove them out. Polish subjects in this country are applying in large numbers for passports for the trip home.

BULGARS ARRIVE. Paris, July 26.—The Bulgarian peace delegation arrived at the Lyons station at 8 o'clock this morning. The delegates were received by Colonel Henry on behalf of the allies and were escorted in automobiles to the Chateau Madrid at Neuilly.

## YOUTH DROWNS IN ATTEMPT TO SAVE HIS WIFE, A BRIDE OF SEVEN WEEKS

Nephew of Newark Couple Dies In Buckeye Lake On Vacation at Cottage of Parents—Young Woman Is Saved By Youth's Parents.

Charles Albert Smith, aged 17 years, was drowned in six feet of water at Lakeside Park, Buckeye Lake, Friday evening at 6:30 when he attempted to save his wife, Mildred Smith, aged 16 years. The young people, who were married seven weeks ago, were bathing near the cottage of the boy's parents, Mr. and Mrs. A. M. Smith, North High street, Columbus, who conduct a confectionery store at Lakeside. Suddenly the girl who was a few yards from her husband, screamed for help and he went to her, but in the struggle his heart failed him and he sank. His parents tried to rescue the couple, but were too late to help the boy. However,

they succeeded in dragging the girl to safety. Smith and his wife, who lived in Charleston, W. Va., where he was assistant manager of a "Piggly Wiggly" store, were spending their vacation with his parents at the lake. The body was taken in charge by J. T. Clunis of Hebron and prepared for burial and was brought to this city this afternoon and taken to the home of Mr. and Mrs. Frank Hamilton, 17 South Sixth street, who are the drowned boy's uncle and aunt. Funeral services will be held at their home Monday afternoon at 2 o'clock and burial will be made in Cedar Hill cemetery.

## WILSON DOESN'T REFUSE REQUEST FOR DOCUMENTS

Sends Letter Answering Senate Resolution Asking for Information.

Washington, July 26.—President Wilson has written a letter to Senator Lodge, chairman of the foreign relations committee, dealing with a resolution recently adopted by the senate. In making the announcement today White House officials said the letter was "not a refusal of anything." The resolution referred to in the letter was supposed to be that of the committee asking for all documents used by the American delegates at the peace conference.

President Wilson's advisors said today that after studying the letter written by former President Taft to Chairman Hays, of the Republican national committee, and several senators regarding reservations to the peace treaty, the president had concluded that Mr. Taft did not write for publication. "They said the president believed Mr. Taft was making an honest effort to bring about a settlement of the league controversy and that he had no idea that what he wrote would be published at this time."

Some of the president's advisors let it be known today that they deprecated (Continued on Page 2, Col. 2)

## TEMPERANCE WOMAN NOT "DRY" ADVOCATE

Lady Henry Somerset.

Lady Henry Somerset, the noted English temperance worker, declares that to force prohibition now would be the undoing of all her years of labor to obtain a sober England. She believes that America differs from England and that while prohibition may be all right in the United States it would mean a revolt in England. She intends to ignore the prohibition drive in England.

## TAFT'S LETTERS TO HAYES WERE NOT FOR PUBLIC

Ex-President Says They Were Personal and Confidential—Copies Were Given Out at Capitol.

Washington, July 25.—The Associated Press has received the following message from ex-president Taft: "Your association yesterday gave out two letters written by me to Will Hays on July 20th, last. These letters were personal and confidential and were so plainly marked and were published without the knowledge or consent of Mr. Hays or myself. I ask in fairness to Mr. Hays and me at once to give this the same publicity you gave the letters."

(Signed) WILLIAM H. TAFT.

It should be said that the Associated Press was furnished the letters referred to by one who has received copies of them and felt himself under no obligation to hold them as confidential.

## ASKS REPEAL OF RECIPROCITY ACT

House Committee Recommends Action But Some Congressmen Ask Delay For Investigation.

Washington, July 25.—Repeal of the Canadian reciprocity act of 1911 was recommended today by the house ways and means committee. Some Democrats joined with the Republicans in voting for repeal, but others said that action should be deferred pending further investigation.

Reduction of the war tax on fruit juices to 2 cents a gallon, urged by western producers of grapes and logan berries, also was recommended.

The committee also voted to recommend the repeal of the 10 per cent soft drink war tax. Though no record vote was taken, Democrats and members urged that all repeal bills be referred until means of repaying the war revenue was found.

## BERLIN SAYS ALSACE HAS SERIOUS RIOTS

Berlin, July 26.—Disorderly conditions in Strasbourg, the capital of Alsace, are reported in advices received here. Sanginary conflicts between the French military and civilians are alleged to have occurred.

## FLORY READY TO START PROBE IF IT IS ORDERED

Licking County Prosecutor Will Attend Columbus Meeting Called Upon Order of Governor Cox.

County Prosecutor Charles L. Flory when seen today by an Advocate representative, stated that he had not as yet received notification of the proposed meeting called by Attorney General Price, but that he would certainly attend if given an invitation to do so. He stated that in common with all others he was aware of the high cost of foodstuffs but had not noticed any discrimination on the part of local dealers. His action after the Columbus meeting would be based on the concerted opinion of those present.

The state has been receiving complaints on the prices of different foodstuffs.

In this city this week there was a difference of 15 cents per pound on butter and as much as 10 cents per dozen on the price of eggs. There was also a slightly varied price on different county products in a number of stores over the city.

## BUTTER STILL IS AT HIGH LEVEL

Country Products and Creamery Stock Quoted at Same Prices—Vegetables Plentiful But Prices Stay Up.

Butter is still riding the crest of the high price wave and is 60 cents a pound on the market today. Creamery butter is selling at 59 and 60 cents.

Egg prices have fallen off a little since last Saturday and are 48, 45 and three dealers in market were found who had quantities and were selling at 41 cents a dozen. Grocers are asking 48 and 50 cents for eggs and 60 cents for butter.

Corn on the cob of the home grown varieties made its appearance today and brought 35 cents a dozen for Sweet corn, 30 for extra Early Adams and a few dealers asked 40 cents for all sizes and varieties. New Cornfield beans, wax and green are here and 15 cents a pound and some places (2 for 25).

Tomatoes are cheaper at 10 to 15 cents a pound. Potatoes are 5 and 6 cents a pound, cabbage 5 and 7, cucumbers 5, 8 and 10 cents a piece. Onions 8 and 10 cents a pound. Celery 5, 8 and 10 cents, head lettuce 15 cents, garden lettuce 20 and 25 cents a head. Carrots are 5 cents a bunch (3 for 10) and beets 5 a bunch.

Peaches are larger and selling at 10 to 15 cents a pound (2 for 25), blackberries are 15, 18 and 20 cents a quart and huckleberries 15 cents a pint. Cooking apples are 10 cents a pound (3 for 25), and melons are 10 (3 for 25), and 12 for 25, honey dews are 35 and 40 cents. Watermelons 50 to 75 cents. Plums are 15 cents a pound. Lemons are 3 and 4 for 10 cents and one dealer offered 5 for a dime.

## MEXICANS HOLD AMERICAN BOY

State Department Notified That Bandits Hold Son of U. S. Citizen For Ransom

Washington, July 25.—Philip Thompson, 11 years old, son of John West Thompson, an American citizen, is detained from his father's ranch, 30 miles from Mexico City, and is being held by Mexican bandits for 1500 pesos ransom, the state department was advised today. Urgent requests have been made to the Mexican government. It was announced.

## GRAND JURY TO PROBE PRICES IN COLUMBUS

Columbus, July 26.—Plans are being formulated for a special session of the Franklin county grand jury to investigate high prices of foodstuffs and other necessities, according to an announcement made today by Prosecuting Attorney Hugo N. Schlegelinger.

It became known today that the grand jury and the attorney general's office have been working in a quiet way for several weeks on the investigation.

## CONTINUES FLIGHT AROUND U. S. RIM

Annapolis, Md., July 26.—Lieutenant Colonel R. S. Hattie today resumed his flight in a Martin bomber plane around the rim of the United States. The plane rose at 11:15 a. m. on what was intended to be a flight of 600 miles to Cleveland. A engine trouble had delayed the start four hours.

## HOLDS UNIFORM PRICES INDICATE COLLUSION; SCORES COLD STORAGE

INSTRUCTS ATTORNEY GENERAL PRICE TO CALL COUNTY PROSECUTORS TO COLUMBUS FOR CONFERENCE ON METHODS.

## SAYS EXECUTIVE SURVEY SHOWS UNLAWFUL PRACTICE BY DEALERS

Urges Grand Jury Investigation and Pledges Full Force of Executive Aid Where County Officials Refuse to Co-operate.

(Special to The Advocate.)

Columbus, July 26.—The whole legal and executive machinery of the state government is to be immediately directed toward an investigation of the constantly mounting cost of living in Ohio, with vigorous if not drastic action against profiteers and illegal combinations of food and coal gamblers.

Following several conferences with Attorney General John G. Price, Governor James M. Cox today officially submitted a request to the attorney general that the state's legal machinery be immediately directed toward investigation of what the chief executive terms a crisis.

Conferees between the attorney general and the governor were preceded by a survey by the executive department which, the governor says, disclosed evidence of unlawful practices in traffic of food stuffs. It is stated that the evil rests largely in the concerted policy of cold storage plants—that they are being operated for the indefensible purpose of preservation of high prices.

The governor asserts that his investigation shows that the law of supply and demand has been "well-nigh, if not completely destroyed," and collusion is charged between the cold storage and commission men for two purposes—to maintain higher prices now and to guarantee trafficking holders' food later on an abundance in unproductive seasons, upon which high cost is to be imposed.

The uniformity of price in food stuffs throughout the entire state is cited as prima facie evidence of collusion.

Furthermore the governor calls attention to the cost situation of which he asks investigation.

The chief executive urges the calling together of every prosecuting attorney of the state and the summoning of special grand juries under state authority, where ever necessary.

Attorney General Price has shown the greatest interest in his conferences with the governor and it is stated that he will at once enter into this important work in which the entire public of the state will be interested in an unusual degree.

Following is the governor's letter to the attorney general outlining the situation resulting in unheard of prices in foodstuffs in Ohio.

Supplementing our conversations on subject of state inquiry and prosecution if necessary in the matter of the cost of food necessities, I am officially submitting the request that the legal machinery of the commonwealth, of which you are the head, apply itself without unnecessary delay in order that government in a crisis can meet the function for which it was designed.

When organized society accepted the basic principles of government in this republic, it was with the primary understanding that equal right should obtain as between the people, and special privilege should be enjoyed by none. Food necessities almost in their entirety

ty come from the soil. The work of man is but an incident to that of the Almighty. The elements of nature were shaped for the provision of human kind, therefore whenever special privilege is enjoyed by individual or interest, it can be traced in the main to conspiracy, and conspiracy is an offense against both the spirit and the form of the law.

At the very outset two things must be understood: First, Never in the history of the world has there been such wide-spread unrest. While this would seem to be a natural consequence of the great war which has involved practically all of civilization, it has been seized upon by certain elements as an opportunity to

## MARINE STRIKE IS ENDED TODAY

Union Secretary Says Ships Tied Up For Three Weeks Will Be Moving This Afternoon.

New York, July 26.—End of the strike of 40,000 marine workers which had tied up shipping in Atlantic and Gulf ports for the last three weeks was announced here today by Gustav Hebron, general secretary of the International Seamen's union who contends that ships would be moving by this afternoon.

The men, Secretary Brown stated, were "satisfied" with the terms of settlement which include an increase of \$15 a month per man for all except the coal-passers who receive a \$10 increase. Latest reports from local unions all over the country, he said, showed unanimity in favor of granting the demands for an eight-day at sea and a "closed shop" in order to end the strike.

The right of the unions to have their delegates passed through the piers and allowed to go aboard the vessels of the American Steamship Association was, however, rejected as impracticable. The demands for the eight-day and "closed shop." This attitude of the employers was sustained by the United States shipping board in drawing up the terms of settlement.

DEPENDENT MAN KILLS SELF. Dayton, July 26.—A dependent upon the fact that he broke his leg a month ago and could not work, Albert Anderson, 49, sign painter, committed suicide by slashing his throat with a razor on a daypen in his home. Today night. The body was not found until this morning.

## SUGAR PLENTIFUL; BLAMES HOARDERS AND PROFITEERS FOR HIGH PRICES

Government Board Declares None Is Exported and That Government Surplus Is Turned Over to Domestic Trade—Canners Place Heavy Orders Records Show.

New York, July 26.—The War Department has sold to the United States Sugar Equalization board 27,000,000 pounds of refined sugar, it was announced yesterday by George A. Zabriskie, president of the board, who declared that the country's retail prices should not exceed 11 cents a pound and that there is no need of hoarding.

Zabriskie declared that the refineries now are working night and day and that their combined output of 41,750,000 pounds a day is being put into domestic channels of trade. Dealers, he said, have not sent a pound of sugar abroad for two weeks. Exportation will not be resumed until American needs are met entirely.

The head of the sugar equalization board said that profiteering dealers if their licenses as they still are under the control of the Federal Food administration, which will not cease to function until the senate ratifies the peace treaty.

He said the apparent shortage was due to speculative "exports" and belated orders from canners and candy makers. Housewives were "hoarding sugar," he said. New England refined sugar stock being sufficient for six months.

Sugar is abundant in the United States. If it were not for profiteers and nervous housewives encouraged to "hoard" it, there would be enough for every legitimate demand, and a 25 day reserve supply in addition, declared Mr. Zabriskie.

The chief factor in this apparent shortage, which is temporary, he said, was the hoarding of orders of the fruit canners and confectionery factories which failed to anticipate their normal demands and held off ordering their sugar in the expectation that prices would be lower. They knew the refineries could not sell above the fixed price of 9 cents.

Another element that has not affected the situation is the marine workers' strike, which we hope will be settled before the entire flow of sugar ships is tied up in Atlantic and Gulf ports. Meanwhile we are reaching by radio all vessels at sea and directing them to Cuba to bring back raw sugar.

TRACTION CO. TO BUY JUICE FROM CENT. POWER CO.

Southeastern Ohio Railway Abandons Power Plant at Zanesville, Finding it Cheaper to Buy Current.

Zanesville, July 26.—The Southeastern Ohio Electric Railway company's large power plant near Moxahala park will be abandoned about August 1, and the entire machinery and electrical equipment valued at \$100,000 will probably be sold to the highest bidder.

This announcement was made by an official of the company, following a meeting of the board of directors. While it was not definitely determined by the directors to sell the equipment, it is understood that many of them do not deem it feasible to maintain the plant solely for emergency purposes. Several concerns have already offered bids for the equipment, and a final decision of the directors to sell is expected to be reached at a future meeting.

The decision of the directors to abandon the plant is the result of an experiment started three months ago to ascertain whether it was cheaper to generate electricity, or have it furnished by another company. Figures compiled several days ago showed that having electricity furnished by another concern was by far cheaper than maintaining the plant.

The Central Power company of Newark, which has been supplying the power for the Southeastern while the experiment was being made, will be awarded the contract for furnishing the electricity in the future.

Although the power plant at Moxahala park was built over 14 years ago and has been operated steadily since, the machinery and electrical equipment by reason of overhauling and repairing is in first-class condition.

The building, a modern fireproof structure, will also be sold and it is thought that it will be utilized by out-of-town capitalists for manufacturing plant. The site is an ideal one because of the water-power and railroad facilities.

HOLDS UNIFORM

(Continued From Page 1) inspire public resentment against organized government. If we are to hold the confidence of the great masses of the people in our institutions, these same institutions must not permit injustice to abide in the affairs of the day.

Second. What is undertaken under governmental auspices in this state must bear unmistakable imprint of good intent and sustained application to the task. Mock heroes and lack of courage have many times in the past made movements such as we now attempt to inaugurate a failure from the start because public co-operation was withheld through lack of confidence.

For many weeks through executive departments of the state, we have been conducting a survey of facts and conditions, and I have no hesitation in saying that there are evidences of unlawful practices in the traffic of food-stuffs. The evil seems to be rooted largely in the concerted policy of cold storage institutions. Designed originally to conserve the necessities of life, their purpose has been distorted and in too many instances, they are conducted for the preservation of prices that cannot be defended. The law of supply and demand which has been a ruling factor throughout the years has been well-nigh, if not completely destroyed. In seasons of the year when the soil yielded an excess supply and prices were within the reach of every household, there was no complaint against the things which were sold.

Through what is charged to be a collusion between commission men and cold storage plants, the volume of food essentials which made prices yield to supply is now taken from the market for a two-fold purpose:

First. To maintain higher prices now.

Second. To guarantee to the trafficking holders of food later an abundance in unproductive season, upon which high cost is to be imposed.

During the war, the federal food commission in this state cooperated with the war cabinet of the governor, and we were enabled to know the results of its investigation. In the City of Cleveland during the summer months, there comes into the city an excess milk supply of 55 per cent but it has never been permitted to lessen the cost. Much of it has been canned. Cream in that, as in other cities, was passed on to cold storage and preserved in many instances for a period of more than a year. In fact, there was revealed a practice of taking the skimmed milk of the winter months and mixing it with the preserved cream of the summer season. At points where municipal regulation prohibits at least a per cent of butter fat, the milk supply was subjected to a test and if an excess of 4 per cent were found, it was evaporated and passed later into the skimmed milk supply. So general has abuse persisted in a matter involving the very life of an incoming generation that common prudence would seem to suggest that the cities themselves assume charge of this traffic—not only that fairness in price could be guaranteed both to farm and city folk alike but that the infant life of the nation might be protected from the spread of epidemic disease, the human disaster that the misery has come. It is high time that governmental vigilance were applied to the source of these troubles.

You will find with your very first investigation a unanimity of opinion among the farmers and the city folk. This can hardly be coincidence. It is more than that, the element of conspiracy is present and it is punishable under the law.

Let me invite your attention also to the fact situation. When an epidemic of winter we find two conflicting conditions—one that the public is deficient in laying in its food supply, and the other that congestion in empty road carrying cars in many terminals has resulted in miles being closed off by winter weather. This is a condition which can be corrected. If, upon investigation you find that the people have been remiss in buying orders for the winter supply, the error can be soundly set in time, and if there is in the process of correction now, a continuing policy on the part of coal operators or others, then you will find in the law a remedy of power.

I would recommend that you either direct a meeting of the prosecuting attorneys from the 16 counties of the state, or that they be communicated with in writing. In some sections,

grand jury investigations should begin without delay. If you find any lack of co-operation in the counties, there shall be no hesitation in this department in giving you the authority to institute an inquiry by the grand jury under state auspices.

The war is over, but too many interests do not seem to recognize it. Under the favorable circumstances of inflation, war prices in many instances are exceeded. On one hand we hear that capital charges labor with being unreasonable in its demand and on the other, labor insists that the cost of food is so high that it cannot live under the prevailing scale. A crisis is ahead of us unless provision is made now. Government was intended as the agency to initiate remedial measures in behalf of society. In this thought we are thoroughly convinced of the propriety of vigorous and if necessary drastic action upon the part of the state. You can depend upon the fullest cooperation of every department under my immediate direction.

I thank you for the cooperative interest which you have evidenced in our conversations on this subject.

"Every possible effort will be put forward by the attorney general of Ohio to discover as far as possible the cause of the present condition, and such action will be taken as may be possible under the laws of Ohio to correct it and prosecute those who may be responsible for any acts in violation of the law."

The statement was made at noon today by Attorney General John G. Price of Ohio in commenting upon Governor Cox's move against food profiteers.

WILSON

(Continued From Page 1) the action of some senators who have visited the White House in placing their own interpretations in statements for publication upon what the president had said to them on the peace treaty and the league covenant.

With a view of discussing the general treaty solution, the president planned to go to the capital today to confer with Senator Hitchcock ranking Democratic member on the foreign relations committee and other Democratic senators. It was indicated today that the president was considering the advisability of making some sort of a statement regarding his views on proposed relations to the treaty. It was said such a statement might be made before Mr. Wilson left on his trip west.

The president apparently has advanced the date of his departure from White House today that he would deliver numerous speeches before reaching San Francisco on July 15 to review the Pacific fleet. It was supposed that his first speech would be delivered somewhere in the middle west.

W. W. DAVIS

(Continued From Page 1) W. Davis, president; E. M. Baugher, first vice president; John S. Fleck, second vice president; J. A. Chilcote, treasurer; O. J. Barnes, secretary of the board; T. J. Appleby, Jr., manager, and M. E. Whitney, assistant secretary.

The first committee created was the finance committee which is to consist of three members selected from the board of directors to be appointed by the president. Their duty will be to make up a budget covering all contemplated expenditures of income for the ensuing year, and to submit the same to the board at the next meeting for approval.

It will also set a form of financial statements to be submitted to the board to approve all expenditures not incorporated in the budget as adopted by the board and before payment of same is authorized by the board.

The committee will recommend what expenditures may be made by the manager without the approval of the committee or board and will approve all forms for accounting purposes.

The house committee, which will consist of five members, who will be selected from the chamber at large and will be appointed by the president upon the recommendation of the committee on committees. Their duty will be to recommend to the finance committee all purchase of furniture and fixtures and to compile an up to date inventory at all times of furniture and fixtures, and to see that the same is kept in good condition. They will also recommend to the board of directors quarters in which to house the chamber, these quarters to be ample to house the chamber and to enable it to carry out the plans as outlined in the recent campaign. This will mean the making of arrangements to house the noonday luncheon feature. They will grant the use of the chamber to institutions and organizations for meetings and will outline the terms and conditions under which the use of the chamber will be granted.

The committee on committees, or virtually the personnel committee, will be probably the most important of all the committees. It will consist of five members from the membership of the Chamber of Commerce, appointed by the president. Its functions will be to canvass the result of group conferences; the developing and promoting of activities for the chamber; to recommend to the board of directors the creation of a program creating certain special committees to carry out activities and to define the scope of the work for the committee; to analyze the membership and recommend to the president the personnel of all committees appointed with members from the membership of the Chamber of Commerce.

The industrial development committee will consist of 12 members appointed by the president, and recommended by the committee on committees. It will be divided into four sections of three members each. Each division will elect its own chairman, and the chairman of the four sections will become the executive committee of the industrial development committee. The sub-committees will be industrial sites, industrial funds, industrial loans and a committee of local industries. The scope of the work of the committee is to find all available industrial sites in the city to work out a plan for the development of a large area for industrial purposes, to work out plans for a large industrial park, to find industrial sites and to develop them, and to work with local industries in aiding and in developing them and to recommend such plans to the board for their approval.

The committee on committees, or virtually the personnel committee, will be probably the most important of all the committees. It will consist of five members from the membership of the Chamber of Commerce, appointed by the president. Its functions will be to canvass the result of group conferences; the developing and promoting of activities for the chamber; to recommend to the board of directors the creation of a program creating certain special committees to carry out activities and to define the scope of the work for the committee; to analyze the membership and recommend to the president the personnel of all committees appointed with members from the membership of the Chamber of Commerce.

The industrial development committee will consist of 12 members appointed by the president, and recommended by the committee on committees. It will be divided into four sections of three members each. Each division will elect its own chairman, and the chairman of the four sections will become the executive committee of the industrial development committee. The sub-committees will be industrial sites, industrial funds, industrial loans and a committee of local industries. The scope of the work of the committee is to find all available industrial sites in the city to work out a plan for the development of a large area for industrial purposes, to work out plans for a large industrial park, to find industrial sites and to develop them, and to work with local industries in aiding and in developing them and to recommend such plans to the board for their approval.

The committee on committees, or virtually the personnel committee, will be probably the most important of all the committees. It will consist of five members from the membership of the Chamber of Commerce, appointed by the president. Its functions will be to canvass the result of group conferences; the developing and promoting of activities for the chamber; to recommend to the board of directors the creation of a program creating certain special committees to carry out activities and to define the scope of the work for the committee; to analyze the membership and recommend to the president the personnel of all committees appointed with members from the membership of the Chamber of Commerce.

FORMING LINES FOR COUNTY DRIVE STARTING AUG. 11

John C. Wright, general chairman of the Licking County War Work organization, announced today that plans for the county drive are being completed. The drive will start on August 11 and will continue until the end of the year. The purpose of the drive is to raise money for the war effort. The drive will be conducted in a systematic manner, with each township having its own committee. The committee will be responsible for the collection of money and for the distribution of the money to the war effort.

The drive will be conducted in a systematic manner, with each township having its own committee. The committee will be responsible for the collection of money and for the distribution of the money to the war effort.

BOY GETS SENTENCE FOR THEFT OF SACKS

Three Wagers, 14 and Frank Seary, 14, were in juvenile court this morning on the charge of having entered the Brown feed store in South Second street several evenings ago and stealing a number of grain sacks. The sacks were located and recovered, the boys confessing to their theft. Six dollars worth of pennies were also taken from the cash register but the boys strenuously deny taking the money. The Wagers had been sentenced to the Boys Industrial school at Lancaster and was taken to that institution at noon today by Probation Officer John Dwyer. The Seary boy, who was before the court for the first time was given a suspended sentence to the institution and a warning to be good or it would be put into effect.

In Boston, Surely. Beggar Woman—Can you help me recover my child? Old Girl. Is your child lost? Beggar Woman. No, no. The clothes are worn out.—Lynchburg Advance.

LEGAL NOTICE. Notice is hereby given that sealed bids will be received at the office of the Director of Public Safety, Newark, O., until 12 o'clock noon, on Monday, August 25, 1919, for the purchase of the following described personal property: One combination ladder and service truck.

Said property to be sold and conveyed to the highest bidder, and that a cash check in the sum of \$100.00 shall accompany each bid and that said sale shall be upon the following terms: Cash on day of sale.

The right is reserved to reject any and all bids.

LEE S. PEMBERTON, Director of Public Safety.

David Williams, defendant. Before B. O. Horvath, Justice of the Peace, Newark Township, Licking county, O.

On the 15th day of June, 1919, said Justice issued an order of attachment in the above action for the sum of one hundred three and 43-100 dollars. GILBERT E. BESSANENET, ET. AL.

## FRENCH GENERAL GIVES MEDALS AND KISSES TO GIRLS

Two American Lassies With First Division On Rhine Are Decorated With War Cross.

With the American Army of Occupation, July 27. (By Mail) Miss Cora Van Norden of New York City, a Salvation Army welfare worker with the First division, and Miss Gertrude Ely of Bryn Mawr, Pa., in charge of Y. M. C. A. activities with the 18th infantry, were decorated recently with the Croix de Guerre by General Andrieu, commander of a French infantry division, on behalf of the French government. The ceremonies took place at Montauban, near the edge of the Bridgehead, headquarters of the First division.

General Andrieu also presented the cross of chevalier of the Legion of Honor to Colonel William F. Harrel of the 16th infantry to Colonel A. Hunt of the 18th infantry, and to Sergeant Michael R. Ellis of the 28th infantry.

After the presentations had been made following the French custom, General Andrieu kissed the American officers on the cheek, but when the general stepped in front of Miss Ely and Miss Van Norden the officer appeared perplexed as to the proper procedure after a decoration had been presented to a woman.

Major General E. P. McGlashin, commander of the First division, quickly went to his aid. Witnesses of the ceremony say General McGlashin kissed the young women of both cheeks, after the French custom.

Miss Van Norden and Miss Ely are the first and only women welfare workers with the First division to receive the Croix de Guerre.

## GOOD PROGRAM READY FOR

### JOHNSTOWN'S CHAUTAUQU

At the Johnstown Chautauqua to be held August 1-5, several interesting speakers and entertainers will be heard.

The opening exercises will be conducted by the platform superintendent and the Inian Serenaders will be heard in a musical concert the first day of the program. Athletics and games will be in charge of the junior supervisor. On the second day, John Howard Dickason will lecture. His subject will be "Sixty Minutes in a Flying Machine."

The concert on that day will be given by the Warwick Male Quartet.

The Smith-Springs-Holmes Quintet will entertain on the third day and Professor Walter Kirkland Green will give an inspirational lecture, "The Greater Pyramid."

In the evening of the fourth day grand opera will be given by the Louis Kreidler company, featuring Kreidler, baritone, formerly of the Metropolitan company, New York City.

Others on the program are: Martha E. Abt, "Reconstruction and Social Service"; Miss Marylice Ross, pianist; Mr. and Mrs. G. Rucker Adams, "Health Demonstrations"; Robert Bowman, character portrayals; Groeteker's Yodlers, and General Master Newton Azgapietian's address on "World Problems."

Vespers service and other notable features have been arranged for the Sunday program, with a special Biblical pageant for Sunday night.

**The Solution.**  
Mrs. Newwood—Well, dear, I've found a flat, and the street cars go right past the door.

Hubby—Won't the rest disturb your rest, my love?

Mrs. Newwood—Oh, the landlord assures me that I wouldn't mind it after the first two nights, and, you know, dear, we can sleep the first two nights at mother's—Rehearsal Sunday Herald.

## FILE-DAGGER MURDER OF PUBLISHER, REMAINS UNSOLVED

Central figure is Mrs. Dan Kaber. Upper left is F. W. Utterback. Upper right is Mrs. J. A. Brickel. In lower corner is Miss Marian McArdle.

Police of Cleveland and Lakewood, O., have failed to unearth any tangible clues to the man or woman who dragged Dan Kaber, invalid and successful publisher, from his bed in his home in Lakewood and mortally wounded him

by stabbing him twenty-four times with a dagger made from a file. Kaber had been confined to his bed with neuritis, being practically paralyzed. His mother-in-law, step-daughter, a girl friend of the step-daughter, and a man nurse

were in the house with him the night he was stabbed. Mrs. Kaber was visiting a sister at Cedar Point. Kaber lived several hours after the stabbing. He told the police, "A woman planned it," and "Get the man with the cap."

will have their free property again," said Herr van Delbruck.

"In no single case has Germany renounced or violated American trademarks," continued the minister. In the case of patents we distributed licenses for their use by Germans in live cases, but we never declared American patents null or expired.

"American patents and trademarks might be limited in Germany by an act of January 3, 1918, if it lay in the public interest and a German could have under certain circumstances, a license to use an American patent. This order was issued because America, long before had passed a similar law and operated it in general. Germany was particularly hesitating in all these questions notwithstanding America passed a pretentious law of this kind, because Germany hoped to be able soon to resume friendly business relations with the United States."

The ministry of justice quoted A. Mitchell Palmer, formerly alien property custodian of America, as having declared in his report to the United States senate in February last that Germany had done the same as America in liquidating alien property but had always been a little ahead of America in doing so.

"It is false to say that Germany preceded America and correct to say that Germany only used retaliations," said the minister.

## GERMANS HAVE NOT ABROGATED YANKEE PATENTS

### Minister of Justice In Berlin Declares U. S. Trade-Marks Have Never Been Violated In Germany.

Berlin, July 1.—(By Mail)—Germany has not liquidated American private or business property, Clemens von Delbruck, acting minister of justice, told the Associated Press correspondent today. He declared that Germany did, on March 4, 1912, issue a ruling whereby the liquidation was permitted because America already had done the same.

While America carried out this liquidation measure, the minister said, that Germany never did so, but, on the contrary, merely regulated and administered American property. "When this administration is removed the Americans

## LITTLE HOPE FOR LOWER PRICES SOON, IS WORD

### Statistics Show That Reductions Have Been But 5-7 Per Cent. Since Armistice.

Philadelphia, July 25.—The cost of living is likely to stay high for a long time to come, in the opinion of the Philadelphia board of trade. This view is a result of a compilation of statistics from many lines of trade and industry.

According to these figures the advance in prices in this country since 1914 has been about 107 per cent; in Canada, 115 per cent; Great Britain, 133 per cent; and France, 235 per cent. It is pointed out that in spite of material reductions in the price of steel, the advance in other commodities since the armistice has been so great that the average price schedules have been reduced but 5-7 per cent below prices prevailing October 1, 1918.

The following are given as reasons why wages will not be much less for considerable period of time:

Practical stoppage of immigration since 1914, depriving this country of several millions of workers who would normally have come to us and thus have relieved the labor shortage which confronts American industry upon the resumption of capacity operations.

Retention in the government military service of nearly 2,000,000 workers, which, it is declared, will doubtless continue an indefinite period.

Creation of new industries such as shipbuilding, manufacture of chemicals and dyes.

Urgent demand for building and construction of every class, due to their having been forcibly held back for several years.

Shortage of world food supplies and uniformly high prices.

Proportionately higher levels of commodity prices existing throughout Europe.

### MEXICAN GOES TO ROME.

Mexico City, July 8.—(By Mail)—Jose Davallon, of the department of agriculture, has been named the Mexican representative to the meeting of the international institute of agriculture which is to be held soon in Rome. This is the first time Mexico has sent a delegate to the congress in 40 years.

### NAMED MEXICAN MINISTER.

Mexico City, July 8.—Jose M. de la Garza, a former president of the municipal council of Mexico City, has been named by President Carranza minister to Denmark, his duties extending to Norway and Sweden. Señor Garza will reside in Copenhagen.

### Planning a Profitable Home.

Architects have many suggestions for decorating the study. Mr. Quick rich?

Mr. Quickrich (then professor)—Only that it must be located in a great thinkers' library, and generally found in a brown study. Better Glaze.

### CIVIL SERVICE EXAMINATION.

An examination is eligible for positions in all departments of the City of Newark under Civil Service will be held August 7, 1919, in the City Building.

Beginning at 10 o'clock P. M. Applications must be made in the forms procured at Charles H. Moore's law office, 300, Newark Trust Building, and must be received and filed at least 24 hours before the date of said examination.

A fee of \$10.00 is required by law of all candidates for positions, the salary of which is over \$500.00 and less than \$1000.00. A fee of \$1.00 is required for positions paying over \$1000.00.

W. Kent Pres.  
W. Rutledge,  
W. T. Ruter,  
Charles N. Moore, Clerk

## PROHIBITION IS BLAMED FOR HIGH BERRY PRICES

Fruit Bought Up To Use In Flavoring Preparations and Soft Drinks.

Philadelphia, July 26.—Prohibition indirectly produced an extraordinary condition in the strawberry market this year.

Prices went higher than ever before because a Chicago packing house opened what was said to be the largest fruit preserving plant in the world in the heart of the strawberry district of Delaware and the eastern shore of Maryland, and bought the product of every berry-producing field virtually at the regular cost to meet the tremendous demand for ice cream and soft drinks produced by the "dry" period.

Strawberries that normally sold for from 5 to 10 cents a quart were snapped up by the customer never below 30 cents this season. Strawberry syrup for flavoring soda water formerly sold at 65c a gallon, is now quoted at \$3.50 a gallon.

Farmers are slated. Many of them made a harvest of \$100 an acre on their strawberry crop, and they are looking forward to big profits next year.

The packers when the strawberry season was over, sent their employees to other work and closed the factory.

## AN INTERESTING STORY NOW TOLD BY NEWARK MAN

Is kept busy telling his friends how he got rid of a severe case of stomach trouble and constipation.

### SICK SINCE 1917

States that two bottles of the new medicine Dreco, have done him a great amount of good.

"I am kept busy these days telling my friends what it is that makes me look so much better and feel like myself again," says Mr. George Angloff of Newark, O.

"My stomach has bothered me very much since back in 1917; seemed like everything I ate disagreed with me, and I soon realized I was cutting out first one thing and then another, because it did not agree with me. I grew thin, weak and pale, and was the picture of a genuine 'Dyspeptic.' My bowels were also badly constipated, and my liver was inactive, which kept me continually taking physic."

"I've now finished taking the second bottle of Dreco, and my condition shows a remarkable improvement. I can eat many things, which I have denied myself of many times, without hurting me afterwards. My color is better, have more strength, and feel good all the time, as I get good rest at night. My bowels act regularly every day, without the assistance of other medicines. Dreco surely has proven itself a wonderful medicine in my case."

Dreco is a combination of many different medicinal herbs, plants, that act directly upon the liver, kidneys, stomach, bladder, and the blood. It neutralizes the poisons of the system, and causes the organs to take on new life and energy, and rebuild the body. Nothing has a quicker or more positive effect in relieving headaches, constipation, general debility, nervousness, poor appetite, loss of weight, poor sleep, catarrh, gas on the stomach and rheumatism. Dreco does not contain potash, mercury, or any other harmful mineral.

Mr. Peters, the well known Dreco expert, has headquarters at Evans' Cut Rate Drug Store, to meet the local public and explain the merits of this great remedy. See him today.—Adv.

### A Chameleon Mind.

Old how one's clothes react on one's mentality. Now, when I'm wearing a business suit, I'm all business; when I'm in evening dress social matters occupy my attention, and when I'm in golf togs I don't think of anything but the game.

"And I suppose when you take a bath your mind's an utter blank.—Pearson's.

### Transient Bliss.

Debtor—I want to pay that little bill of yours.

Creditor—Thank you, sir; thank you!

Debtor—But I can't.—Answers.

### LEGAL NOTICE.

State of Ohio, Licking County. Probate Court.

R. O. Horton, Administrator With Will Annexed of Elizabeth Vangulding, deceased, Plaintiff,

vs.

Griffith Jones et al., Defendants.

In pursuance of an order of the Probate Court of Licking County, O., I will offer for sale at public auction on the 21st day of July, 1919, on the premises at Vanattas, O., the following described real estate, situate in the county of Licking, in the state of Ohio, and in the township of Newton and within said state and founded and described as follows:

Being a part of 237 acres in the third quarter, township 3 and 12th range, 11, S. M. lands, formerly conveyed by Peter Kimes and others to Jean Vanattas, and that part described to be conveyed by this deed is about one acre, two quarters, and 27 rods, being all of the following described part of said 237 acre tract, being one acre more or less, to-wit:

Beginning at the southwest corner of said 237-acre tract, thence running north 27 rods to a post where a sugar tree 16 inches in diameter is south 144 links, also a sugar tree 12 inches in diameter bears south 15 degrees west 150 links, thence south 56 1/2 degrees west 84 rods to a post, thence west 31 rods, and two links to a stone, 26 degrees west 47 links, thence south 5 1/2 degrees west 12 rods to a stone where a buttonnut 15 inches in diameter bears south 31 degrees east 72 links, thence south 2 rods to a post where a black walnut 20 inches in diameter bears west four rods, thence south 11 degrees east 23 rods, and two links to a stone where a sugar, 15 inches in diameter, is north 7 1/2 degrees east 34 links, also a white oak, 12 inches in diameter, north 31 degrees west 27 links, thence east 32 rods to the place of beginning, containing 24 acres, two quarters, and 27 rods, also said lot of one acre more or less, is marked on the town plat of the village of Vanattas, as lot No. 2, said plat is on record and reference being made to the same.

Appraised at \$500.00.

Terms of Sale—Cash in hand on day of sale.

R. O. HORTON,

Administrator With Will Annexed of Elizabeth Vangulding, deceased.

By Jos. W. Horner, his attorney.

# TY COBB STARTS DRIVE FOR HONOR

## Georgia Peach Leads American League With Average of .350 — Thorpe Leads Nationals.

Chicago, July 26.—The Cobb drive for the 1936 batting championship is under way. The Detroit star, according to official averages released today, is leading the race with .350. The Georgian batted his way from third place a week ago. The averages include games of Wednesday.

George Sisler, the St. Louis first baseman, also is attacking the averages with a vengeance. Sisler was sixth in batting last week. He batted .347 from Wednesday through today. He is batting .347 from Wednesday through today. He is batting .347 from Wednesday through today.

"NEARLY everyone would say that the great American game is baseball, but there is a game which is more deeply rooted in the hearts of every American. We hire our baseball players for us but we pitch our own horse shoes.

"There is scarcely a group of men who find a little leisure on Sunday afternoon or before sunset but who will at once get out their horseshoes and play as long as they can see," says Mr. Frank Baackes, V. P. American Steel & Wire Co. "Many a time even the dinner bell cannot break up an exciting game.

"COW testing associations in Wisconsin state last year proved that in the average herd of eighteen cows at least three of them were being milked, cared for and fed the entire year for the fun of it. Even in the best associations this ratio is true. How much worse would the situation be among the one million eight hundred thousand cows which are not and never have been under test. All the poor cows are not in a few herds by any means. For instance, in the Wisconsin Cow Testing Association the herd having the most producing cows which produced \$171 and profit also had a cow producing \$200.61 profit and a cow which produced \$100.00 profit.

Cleveland Produce.

Cleveland, July 26.—Oleomargarine, high-grade, natural color, 39¢/39 1/2¢; poultry 33¢.

Pittsburgh Live Stock.

Pittsburgh, July 26.—Hogs receipts 1500; lower, heavies 22.50-23.00; heavy Yorkers 23.50-23.65; light Yorkers and pigs 23.50-23.55. Sheep and lambs receipt 3000; steady; top sheep 11.00; top lambs 16.50. Calves receipts 25; steady; top 19.00.

Wall Street.

New York, July 26.—There was little trading at the opening of today's stock market as the selling pressure which contributed to yesterday's irregular dealings. Steels, oils and shippings led the vigorous advance at gains of 1 to 2 1/2 points. Motors and tobacco also scored variable gains with copper, but rails and sugar were active, aside from the buying of New Haven and several other low priced issues. Announcement of the proposed capital increase of the Standard Oil company of New Jersey caused considerable covering of short contracts.

Cincinnati Livestock.

Cincinnati, July 26.—Hogs—Receipts 3100; lower. Selected heavy shippers 33.25; good to choice packers and butchers 32.25; medium 32.00-32.25; stags 31.00-31.25; common to fair 31.00-31.25. Sheep—Receipts 1100; steady. Good to choice 11.50-12.00; common to fair 11.00-11.25. Beef—Receipts 1100; steady. Good to choice 11.50-12.00; common to fair 11.00-11.25. Calves—Receipts 1100; steady. Good to choice 11.50-12.00; common to fair 11.00-11.25.

Chicago Produce.

Chicago, July 26.—Butter: lower; creamery 46 1/2-47.50; unchanged. Poultry: alive, lower. Springs 30¢/32¢; fowls 30 1/2-32.

Toledo Grain Closing.

Toledo, July 26.—Corn: \$2.03. Oats: 84¢. Barley: \$1.32. Clover: \$18.25; October, \$20.50. December, \$22.50. Wheat: \$2.15; October, \$2.15; December, \$2.15. Timothy: old and new, \$5.30; September, \$5.30; October, \$5.30; December, \$5.30.

Chicago Grain Review.

Chicago, July 26.—New upturns in the price of grain took place today as a result of continued dry, hot weather. Opening quotations which ranged from 1/2¢ off to 1/2¢ advance with September 1 1/2-1 1/2¢ and December 1 1/2-1 1/2¢, were followed by moderate gains all around.

Chicago Live Stock.

Chicago, July 26.—Hogs receipts 6000; steady. Top hogs 22.50-23.00; heavy Yorkers 23.50-23.65; light Yorkers and pigs 23.50-23.55. Sheep and lambs receipt 3000; steady; top sheep 11.00; top lambs 16.50. Calves receipts 25; steady; top 19.00.

## COAL CATEGORY

"Nation faces critical coal shortage," says United States government. The government estimates a shortage of at least 68 million tons for the present year. Thousands of miners have gone back to Europe. This labor cannot be replaced as there is already a labor shortage. Somebody is going without fuel this winter. Will it be you?

Do not think me an alarmist. These are not my figures, they are the official figures of the geological survey. I have a few cars of earnest. I have a few cars of choice lump and run-of-mine left. First come, first served. Your government has warned you. August or autumn may be too late. I advise you to get it now while the getting is good—and get it from CHARLES MEEK.

Thursday and Friday, Rex Mitchell in "AMBITION" and Comedy  
"PLAYMATES."  
BUY W. S. S. NOW

## AMUSEMENTS

### AUDITORIUM

"Auction of Souls."  
The time of greatest terror for the  
girls and women among the long trains  
of Armenians taken across the deserts  
by Turks, as shown in "Auction of  
Souls," now being presented at the Au-  
ditorium theatre.  
Then, as shown in this remarkable

merrow. The latest Pathe News will  
also be shown.

### A Desert Hero.

Despite the fact that "A Desert  
Hero," Fatty Arbuckle's latest contribu-  
tion to the joy of nations, in a sense  
a travesty on western pictures of the  
rapid fire variety, it is one of the most

WILLIAM FARNUM - DIRECTION WILLIAM FOX

portrayal of the adventures of one Ar-  
menian girl, the Turks pitched camp,  
and began to revel. After hours of  
drinking, they would begin to sink from  
group to group, seizing the youngest  
and prettiest of the girls to ravage.  
Mothers tortured in the fear of seeing  
their daughters ruined before their  
eyes, buried them in the sand, and sat  
upon them. But they were not always  
successful, as was shown in the case of  
the heroine, Aurora Mandiganian, who  
was found and taken by the brutal Mo-  
hammedans.

This feature which has attracted large  
crowds to the Auditorium for the past  
two days, will be screened this evening  
for last time.

Pathe News, full of interesting events,  
will be an added feature.

"The Man in the Moonlight."  
"No man who wouldn't fight for him;  
no girl he couldn't kiss." Such is the  
epitome of the characteristics of Rossig-  
nel, the Nightingale, the most feared  
and admired outlaw the Canadian  
Northwest ever saw.

He had an uncanny power over men.  
Women gravitated toward his domina-  
nt personality, like moths toward a  
flame—but there was no element of de-  
struction in the fiery ardor of the  
Nightingale—where women were con-  
cerned. With men—Ah, that was dif-  
ferent!

Monroe Salisbury, the virile star of  
the Universal company, is said to be  
cast in the most triumphant role of his  
entire career as Rossiguel, the Night-  
ingale, the mysterious hero of "The Man  
in the Moonlight." Universal's latest  
production, Salisbury's work in the  
photodrama suggests a composite of  
the admirable Crichton, Merton, De-  
mure, and Robin Hood. The story of "The  
Man in the Moonlight" is based on the  
efforts of the Canadian Northwest  
Mounted Police to apprehend the  
Nightingale, an outlaw whose misdeeds  
border on sublimity. To complete the  
plot of the story is the fact that Rossig-  
nel, the Nightingale, is a man of  
form, the fitness of a soldier, and the  
courage of a lion. He is a man who  
is a victim in the Nightingale in an  
effort to save his brother.

This feature, together with Roscoe  
Arbuckle in "A Desert Hero" is the  
Auditorium attraction for Sunday  
afternoon.

This is one of the  
best programs of the season and a  
large crowd is expected to be  
attracted to this theatre to

In the slave market at Keph-Athur  
Scene from "Auction of Souls"

# ALHAMBRA--Monday and Tuesday--Next

FIRST SHOWING FOR SOME TIME

ALICE BRADY IN THE SELECT 'THE BETTER HALF'

TAKEN FROM MIRIAM MICHELSON'S NOVEL.

A most absorbing drama, finely produced and with a strong cast. CAN TWO  
SISTERS BE TOTALLY DIFFERENT IN NATURE AND DISPOSITION? See  
it.

Added Features  
COMEDY — NEWS REEL

tract fun out of such whimsical diversions  
as stringing up sheriffs and murdering  
innocent tenderloin.  
Wholesome satire, unctuous comedy  
and plenty of human nature in the  
globe of fun will make this picture one  
of the most pleasing in which Fatty  
has been in many moons.

### The Lone Star Ranger.

William Farnum will be the attrac-  
tion at the Auditorium theatre, begin-  
ning Monday in the William Fox pro-  
duction "The Lone Star Ranger" a dra-  
matization of the novel of that name by  
Zane Grey, author of "Riders of the  
Purple Sage" and "The Rainbow Trail."  
In picturization of which Mr. Far-  
num has appeared with such marked  
success.

"The Lone Star Ranger" is a stirring  
tale of the exploits of a member of the  
Texas Rangers, who single-handed  
breaks up the stronghold of a band of  
cattle rustlers.  
The scenic effects that frame the in-  
tense dramatic action of this story were  
photographed in picturesque mountain  
fastness and on the desert.

The engagement runs over Tuesday,  
Pathe News.

### Peck's Bad Boy.

Charles Benner, owner and manager  
of this good old standby "Peck's Bad  
Boy" calls Newark his home town, for  
he has opened his attraction at the Au-  
ditorium for the past three years and  
on talking with the local manager here,  
Benner is quoted as stating that since  
making Newark his starting point, his  
season has always turned out a winner.

"Peck's Bad Boy" comes to the Au-  
ditorium on Saturday, August 2, giving  
both afternoon and evening perfor-  
mances. This year everything is new ex-  
cept the name. The coming of this fa-  
vorite attraction will at once recall to  
old theatre goers memories of child-  
hood days, as this popular musical  
comedy has amused thousands in the  
past and Mr. Benner promises this  
year a better and larger company, with  
pretty girls, clever comedians, special  
scenery and effects. The musical score  
has been entirely re-written by Irving  
Berlin. A popular scale of prices will be  
arranged and at the matinee a special  
price will be offered. Seats will be placed  
on sale Thursday morning.

### GEM.

In writing "His Majesty Bunker  
Bean" which first appeared in serial  
form in the Saturday Evening Post,  
Harry Leon Wilson produced one of the  
briefest, most laughable stories of the  
times and it is safe to say that the  
Paramount screen version, written by  
John Crawford Ivers and directed by  
Win. D. Taylor, starring Jack Pickford,  
Louise Huff and an excellent cast in-  
cluding Edythe Chapman, Hart Hoxie,  
Jack McDonald, Gustav Seyffertitz and  
others is employed. As will be remem-  
bered, the story deals with the adven-  
tures of Bunker, the strongman who  
takes himself to be the reincarnated  
form of Ramesses the Great, and pos-  
sesses the mummy of his former self to  
confirm the belief. When his puppy,

home is becoming too ardent in his  
attempts, she releases him only to be  
told by a man familiar with her past  
that she must encourage the villain.  
She must risk losing the love of her  
husband and secretly receive and meet

of the police record and learns that  
her past is public property.  
This information also is discovered  
by the foreigner who is pursuing her.  
He uses it to blackmail her into sub-  
mission.  
She participates in a climax which  
startles players and audience alike.  
Yet Miss Frederick declares that  
(Continued on Page 8, Col. 2)

PEGGY HYLAND  
DIRECTION WILLIAM FOX

the man she despises in order to get  
information from him which will in-  
criminate him with the Federal Secret  
Service.  
Why? Because he is an active In-  
spector agent.  
She discovers her name on the index

Walter W. Connel, Life Department E. Cono Legge, Farm Department N. W. Reel, City Solicitor.

Telephone Service.

A PROMISE MADE GOOD.

On June 24th we said to the telephone users of Newark in a public advertisement:

"Two phases of the telephone question interest you. In their order of importance they are:

1. "Quality of the telephone service.

2. "Cost of the telephone service.

"We propose to discuss both of these phases frankly."

We submit that we have made good on our promise.

We have shown that our electrical and mechanical plants are in most excellent physical condition and that the work of keeping them in that condition is done by competent and well paid men. That the service is as nearly perfect as human ingenuity and careful management can make it and much more nearly perfect than is the service in any other line in the city.

We have analyzed the sums paid by the two principal classes of our patrons for service to the fraction of a cent. We have told frankly and fully the story of our capitalization and given the amount of interest and dividends that each subscriber pays when he pays his monthly telephone bill.

Is there any other service, public or private, that the people of Newark receive, that they know as much about as they now know about the telephone service and its cost?

It would be interesting to have as complete and as analytical a study of the service rendered the community by Mayor Atherton, Solicitor Ashcraft and the city council. No doubt they could make a most excellent showing and we often wonder why they don't do it. We doubt however if they can show an efficiency record equal to that of this company. But we are sure of one thing, if they were compelled to analyze the service they render, both as to efficiency and cost, upon the basis that we have voluntarily analyzed our service and its cost, it would not be long before these officials, or their successors, would increase the efficiency of the city's service and decrease its cost.

It may be significant that those who have a good record always want to tell about it but it is equally significant that those who have an indifferent record don't want to and don't do it.

The automatic service of The Newark Telephone Company is the most certain, the most efficient service of any kind rendered by any concern in Newark. The increase in the price now charged as compared with the pre-war price is less than the increase in price for any service or commodity sold in this city, except for those fixed by law.

THE NEWARK TELEPHONE COMPANY.

Charles E. Hollander, General Manager.

## DR. SHAFFER, DENTIST.

### Celebrates First Anniversary in Business in Newark.

Dr. H. D. P. Shaffer dentist at 16 1/2 North Park Place, is celebrating his first anniversary in business in Newark. Just one year ago Dr. Shaffer opened offices at the above location and from the very beginning he has enjoyed a prosperous and steady business. Dr. Shaffer stated Saturday that his business the first year had far exceeded his expectations and that he was well pleased with the future outlook.

Dr. Shaffer's dental parlors are modern in every way and he has every mechanical device for turning out satisfactory work. Dr. Shaffer gives special attention to the care of children's teeth and invites parents to bring in the little folks. Dr. Shaffer can be found at his office every day and most every evening and any one desiring the services of a dentist can communicate with him with confidence and satisfaction of knowing that all work turned out is guaranteed to please.

**Nine Soldiers Discharged.**  
The War Camp Community service announces the discharge from service of the following soldiers: Will Bader, 49 East Railroad street; First Lieutenant Frederick S. Wright; Frank Abertson, 321 East Main street; Frank Mayer, 270 Broad street; E. McIntosh, 292 East street; Edward L. Hook, Alexandria; Fred J. Park, Star hotel; Frank Schick, 28 Baker street; Lincoln Numbly, 353 Buckingham street.

**Knights of Columbus Outing.**  
A large crowd attended the outing of the Knights of Columbus held at the Baker farm near Showman's Thursday afternoon. In two weeks the Knights will entertain the women with an outing at the Baker farm.

**To Be Discharged.**  
Richard Wells, son of W. C. Wells, who has served a little over a year in the army overseas, will be discharged Monday at Camp Sherman and will return to his home in this city.

**But Few Votes.**  
Clerk of the board of elections, M. J. Neel, stated today that but a couple of absent votes had been received for the primaries which will be held Tuesday, August 12. The registrations of new voters an those moving from one precinct to another averages about four a day. The office of the board in the city building is open every day and will be until after the primaries.

**Newark Elks Will Attend.**  
A large lodge of Elks will be installed at Willard next Thursday afternoon by District Deputy George E. Myers of Cleveland. A number of former Newarkites will be among those initiated. John Doyle, passenger conductor on the E. and O., will head a delegation from this city to attend the initiation and banquet which will be held in the evening.

**Churches to Hold Picnic.**  
The United Brethren Sunday schools of the county will hold a picnic at Moundbuilders Park on Thursday, August 7. A program of interesting events is being arranged. The main feature will be the picnic dinner.

**Randolph Will Speak.**  
E. S. Randolph will speak at the Neel avenue M. E. church on Sunday evening at 8 o'clock at the regular service. Mr. Randolph has but recently returned from overseas having been stationed with the Y. M. C. A. near Toul.

## TENNIS TOURNAMENT WILL START AUG. 4TH

A tennis tournament will be held at the White Athletic field beginning Monday, August 4. It will be for men and boys and the time of play has been divided.

The men and boys over 16 years will play in the evening and on Thursday afternoon. The boys under 16 will play in the afternoon. Entries are now being received at the playground and the Y. M. C. A.

## GAMBLE TEAM TO PLAY GAME SUNDAY

The Gamble baseball team will play the South End All Stars at 2 o'clock Sunday afternoon at the Scott field at North and Channell streets.

The Gamble team has been going good and is making application for entrance to the Twilight league next year.

## DELPHA PI FRAT TO HOLD 1920 MEET HERE

The state convention of the Delphi 15 fraternity will be held in 1920 in Newark. Newark was awarded the convention next year at the meeting which just closed at Dover.

The delegates, at the close of their annual convention here yesterday elected officers as follows: President, D. K. Matthey, Bridgeport; vice president, E. C. Swingle, Zanesville; corresponding secretary, Russell D. Milligan, Coshocton; financial secretary, B. M. Frohne, Zanesville.

## COUNTY VISITORS AT GIRLS' INDUSTRIAL HOME

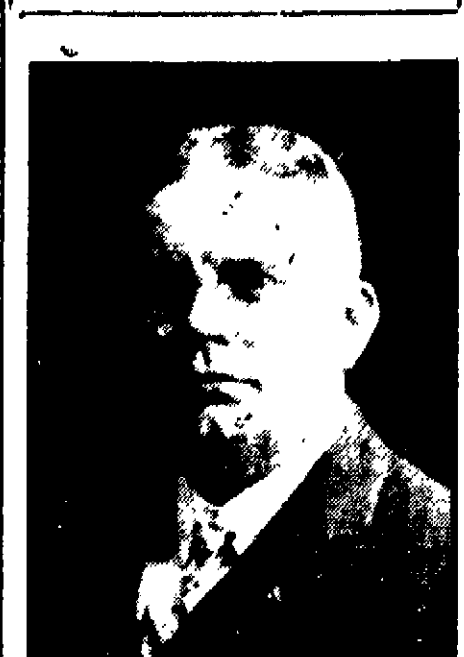

The board of county visitors motored to the girls' industrial school, near south of Delaware Thursday and inspected the buildings and grounds and looked after the welfare of the seven lacking county girls who are being taught to do housework and are dressed tidy and sensible.

There are 475 girls in the institution. A present 65 of whom are colored. There are nine women teachers in the educational department or school of letters. There are four sewing teachers and two domestic science instructors. The girls are required to work in the various departments. Two hundred and sixty gallons of maple syrup were made this year from the sugar camps. Last year 3,000 gallons of tomatoes, 37 barrels of sauerkraut and 25 barrels of pickles were put up by the girls.

**KILS SHERIFF.**  
Toleno July 26. The man who was shot and killed here Thursday night during an attempt with a chauffeur has been identified as Jack Hamilton, a colored man, 30 years of age, from Georgia. He was with whom Hamilton was riding when the dispute took place, says the chauffeur, William Ansbach, who shot in self defense.

Head Advocate Want Ad tonight.

## New C. of C. President.

W. W. DAVIS.

## WARM WEATHER AND RAIN FOR NEXT WEEK

Washington, July 26.—Weather conditions for the week beginning Monday are: Ohio valley: warm and except for occasional local thunder showers, generally fair.

Region of Great Lakes: Partly cloudy, with occasional showers and thunderstorms first half of week. Warm weather first half of week, normal temperature thereafter.

## YANKS WED GERMANS IN SPITE OF ORDER

Coblenz, Thursday, July 24.—Reports of marriage between American soldiers and German girls have been received at the headquarters from various parts of the occupied area during the last few days, but as yet no charges have been filed against any of the men and it is believed most of the marriages were due to misunderstanding regarding the anti-fraternization orders. A week before the treaty was signed, several of the chaplains through a misunderstanding informed the soldiers that marriages were permissible as soon as the Germans accepted the peace terms. Officers say that a number of marriages took place before this belief was corrected by a special order from headquarters calling the attention of officers and men to the fact that until the United States ratified the treaty, Germany and America (technically) were at war and the regulation prohibiting fraternization was still in force.

At headquarters it is said that even after the United States ratified the treaty, marriages with German girls will be prohibited by an army order.

Inquiries continue to reach headquarters regarding marriages, the applicants being referred to the judge advocate or to the civil affairs officers which investigate all cases.

## JAP "BRIDES" LAND; DODGE ALIEN LAWS

Washington, July 26.—Senator Phelan of California, today announced he had submitted to the state department information he had received showing that the Korea Maru, a Japanese liner, had recently brought 150 "picture" or proxy brides to California for husbands who had never seen them. Other information submitted to the department, the California senator said, showed the arrival of a number of the "brides" at Seattle. Such information, Senator Phelan said, amounts to a direct effect of the "gentleman's agreement."

## SENATE COMMITTEE GETS PALMER EVIDENCE

Washington, July 26.—The senate judiciary committee today began consideration of the mass of testimony taken during the investigation of the fitness of Attorney General A. Mitchell Palmer, to hold office. The nomination of Mr. Palmer is held up in the senate pending the report of the committee.

The committee concluded its hearings yesterday after Mr. Palmer again had appeared before it and completed his denial of all charges brought against him in connection with the conduct of the office of alien property custodian, which he held prior to being nominated as attorney general by President Wilson.

## CANOE UPSETS; YOUTH DROWNS.

Toledo, July 26.—With two minutes to midnight on Saturday, 15 years old, when a canoe capsized at Toledo beach, this city has a record of four lives lost in the water in two days. The other three victims were bathers.

## ASKS \$100,000 FOR LEGIS.

Cleveland, July 26.—Joseph P. Krav or of Erie, formerly a New York Central railroad conductor, has sued Walker D. Hines, director general of rail roads and the New York Central railroad company for \$100,000 damages for the loss of his job in a railroad accident. Krav says he was ejected from a car at Erie, Pa. last May because of the careless shunting of another car.

## CHRONIC FALLS SICKNESS.

At yesterday's session of the county board of health, it was reported that a chronic fall sickness, caused by loss of his crops in the recent flood which visited Knox county, is as signed as the cause of the suicide of a boy, 12 miles east of here. McKee killed himself with a shotgun.

## Socially Inferior.

Friend, but surely you a millionaire, have little to complain about. I don't know. The millionaire's treat is like so much dirt. Answer.

## No Chatterbox.

Ministerate (to witness) Why didn't you get the help of the defendant in the fight?

## BRUMBACH BUYS CREAMERY PLANT

Newark Man Back From Overseas Takes Over the Caldwell Creamery—Deal Involves \$100,000 It is Said.

The announcement has been made at Caldwell that the Caldwell Produce & Creamery company has been purchased by Ralph Brumbach of Fredericktown. Brumbach, until he left for overseas with the 324th E. A. S. in the commiss ion business in Newark.

With his father he has purchased the Caldwell plant and the Newcomerstown Produce company, which was formerly owned by Pittsburgh and New York capitalists.

The announcement at Caldwell states that the amount involved was not made public, but it is understood it will reach nearly \$100,000. The Caldwell plant averages a daily production of from 3000 to 5000 pounds of butter, the company paying out approximately \$50,000 per month in Noble county to cream shippers. Ralph Brumbach went to Newcomerstown several days ago to manage the Newcomerstown plant and will have as his assistant, Joseph Gannor of Newark, who was connected with Brumbach in business in Newark, and who served in the same outfit while overseas.

## ENGINE OVERTURNS; TWO ARE SCALDED

Cincinnati, July 26.—Engineer James Robertson and Fireman Russell Belew, both of Covington, Kentucky, were severely scalded and otherwise injured and 14 passengers were hurt when the engine of a coach of the Chesapeake and Ohio commuter train overturned about one mile east of Dayton, Kentucky at 6:30 today. It is said the engine was running backward, pulling four coaches and jumped the track, upsetting and overturning the first coach. The next two coaches were derailed but did not upset while the last coach remained on the track. There were about thirty negro workmen in the first coach and all of them were more or less hurt.

## LOS ANGELES WANTS TO HEAR PRESIDENT

Washington, July 26.—Although the itinerary for the president's speaking tour throughout the country in behalf of the League of Nations was said to be practically complete and contemplated only one stop in California, San Francisco, Senator Phelan of that state had an engagement to see Mr. Wilson today in an endeavor to induce him also to visit Los Angeles.

Complete plans for the trip are expected to be announced from the White House within the next few days. The president plans to leave Washington between August 8 and 10 it was said and probably will go direct to San Francisco, where he will review the Pacific fleet when it arrives there August 15. Senator Phelan desires to have the president stop at Los Angeles and to accompany the fleet from San Diego to San Francisco.

## CINCINNATI UNCOVERS HOARDING OF FOODS

Cincinnati, July 26.—The grand jury which has been investigating the causes for the high cost of living and which uncovered sensational charges concerning the hoarding of foodstuffs, in cold storage houses, had an off day today and will not take up its investigation until Monday.

The prosecutor's office was highly elated today when the news that Governor Cox had issued a statement on the subject and was given to them and the prosecutor is hopeful that some way can be found to catch those who are now technically within the law, although known to be contributing factors toward the high cost of living, through the manner in which they have used the cold storage houses.

## COLOMBIA AGREES TO SENATE AMENDMENT

Washington, July 26.—Colombia has agreed to the senate amendment to the treaty between the country and the U. S. by which suggestions of regret by the country for the partition of Panama were eliminated, chairman Lodge, of the senate foreign relations committee said at a conference with Secretary Lansing at the state department.

## HOUSE WILL RECESS AUGUST 2 TO SEPT. 8

Washington, July 26.—To public in house leaders, and informal center house today with senate leaders decided to begin the house recess August 2 and continue it to September 8. Few senators objected to the program it was said.

## AIR MAIL PILOTS END STRIKE; PRES. DEMANDS

Washington, July 26.—The mail service, which was paralyzed by the strike of pilots, will be restored today, it was announced by the General Post Office. The pilots, who were demanding a 10 percent increase in pay, agreed to return to work after a conference with mail pilots. The pilots agreed to return to work after a conference with mail pilots. The pilots agreed to return to work after a conference with mail pilots.

## PROHIBITION OF TS ARRIVINGS.

Leontine K. 26.—The state wide prohibition of the arrival of immigrants, given out to the public, will be in effect for 10 days of the order prohibition against arrivals for year.

Milwaukee, Pa. 26.—The president of the Cudahy company, Cudahy, Wis., died at 6 P. M.
